**II.1.5) Short description of the contract or purchase(s):**

The objective of this study is to examine the extent to which cohesion policy interventions are and have been appropriate in islands and mountainous and sparsely-populated regions. The second objective is to explore policy and governance approaches and identify good practices in implementing 'territorial cohesion' on the ground in the case of islands, mountainous and sparsely-populated regions.

The study covers convergence and regional competitiveness and employment objectives (2000–2006 and 2007–2013) focusing particularly on 30 selected regions receiving support from the European Regional Development Fund (ERDF) or the Cohesion Fund. The regional level of analysis will be NUTS 3 and NUTS 2 level. A tentative list of NUTS 3 regions belonging to the categories of islands, mountainous and/or sparsely-populated is annexed to the invitation to tender.

The study does not cover the outermost regions because of their special legal status and extreme remoteness/isolation. Previous studies suggest that in most cases the differences between outermost regions and other islands are so important statistically, that these territories must be considered in a separate analysis. Cyprus and Malta are also excluded from the analysis, being island States.

III.2.1) **Personal situation of economic operators, including requirements relating to enrolment on professional or trade registers:**

Information and formalities necessary for evaluating if requirements are met:

Exclusion criteria:

A. Exclusion from participation in the procedure:

Tenderers are excluded from participating in a procedure if:

(a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations;

(b) they have been convicted of an offence concerning professional conduct by a judgment which has the force of 'res judicata';

(c) they have been guilty of grave professional misconduct proven by any means which the contracting authorities can justify;

(d) they have not fulfilled their obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established, or with those of the country of the contracting authority or those of the country where the contract is to be carried out;

(e) they have been the subject of a judgement which has the force of 'res judicata' for fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the European Union's financial interests;

(f) they have, following another procurement procedure or grant award procedure financed by the European Union's budget, been declared to be in serious breach of contract for failure to comply with their contractual obligations.

Evidence:

1. Tenderers shall provide a declaration on their honour, duly signed and dated, stating that they are not in one of the situations described above.

2. The tenderer to whom the contract is to be awarded shall provide, within 10 days preceding the signature of the contract, the evidence referred to in the following paragraphs, confirming the declaration referred to in the previous paragraph.

3. The contracting authority will accept, as satisfactory evidence that the tenderer to whom the contract is to be awarded is not in one of the situations described in points (a), (b) or (e), an extract from the judicial record or, failing that, an equivalent document issued by a judicial or administrative authority in the country of origin or provenance, showing that those requirements are satisfied.

The contracting authority will accept, as satisfactory evidence that the tenderer is not in one of the situations described in point (d), a certificate issued by the competent authority of the Member State concerned.

Where no such document or certificate is issued by the country concerned and for other cases of exclusion referred to in cases (c) and (f) above, it may be replaced by a sworn or, failing that, a solemn statement made by the interested party before a judicial or administrative authority, a notary or a qualified professional body in his or her country of origin or provenance.

These documents or certificates must be valid on the closing date for receipt of tenders, and in any case, they must have been delivered less than 12 months before this closing date.

Depending on the national legislation of the country in which the tenderer is established, the documents referred to in points 1 and 3 above must relate to legal persons and natural persons including, where considered necessary by the contracting authority, company directors or any person with powers of representation, decision-making or control in relation to the tenderer.

B. Exclusion from award of the contract:

No contract will be awarded to tenderers who, at the time when contracts are being awarded under this procedure:

(a) have a conflict of interest. The Commission must ensure that the tenderer does not, at the time of submitting a tender, have any conflict of interest in connection with this call for tenders, a conflict of interest possibly arising in particular as a result of economic interests, political or national affinities, family or emotional ties, or any other relevant connection or shared interest. The Commission reserves the right to assess whether a conflict of interest exists.

To that end tenderers are asked to state whether their payroll, staff or shareholders include:

- any former European officials, contract staff, temporary staff or auxiliary staff who have worked for the European Union in the 3 years preceding this call for tenders,
- any European officials on leave,
- any former agents on secondment within the European institutions having worked for the European Union during the 3 years preceding this call for tender,

  - that they have not granted and will not grant, have not sought and will not seek, have not attempted and will not attempt to obtain, and have not accepted and will not accept, any advantage, financial or in kind, to or from any party whatsoever, constituting an illegal practice or involving corruption, either directly or indirectly, as an incentive or reward relating to the award of the contract,
  - that they will inform the contracting authority, without delay, of any situation constituting a conflict of interest or which could give rise to a conflict of interest;
- (b) have been guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in the contract procedure or have failed to supply that information.

Evidence:

The contracting authority will accept, as satisfactory evidence that the tenderer is not in one of the situations described in points B(a) and (b), a declaration on their honour signed by the tenderer. However, the Commission reserves the right to verify the information.

C. Tenders submitted by consortia or groups of service providers — tenders involving subcontracting.

Where the tender is submitted by a consortium or by a contractor intending to subcontract part of the work or have it performed by another economic operator, the exclusion criteria defined above have to be fulfilled by each economic operator involved in the tender.

Evidence:

In the case of tenders submitted by consortia or groups of service providers, every economic operator in the tender must provide a declaration on honour to prove that none of the exclusion criteria for participation or award of contracts applies to it.

The tenderer to whom the contract is to be awarded shall provide, within 10 days preceding the signature of the contract, the evidence referred to above, confirming the declaration on honour for every economic operator part of the consortia or groups of service providers.

In the case of tenders involving subcontracting, the tenderer to whom the contract is to be awarded shall provide, within 10 days preceding the signature of the contract, the evidence referred to above for the exclusion criteria for participation or award of contracts, confirming the declaration on honour for every subcontractor for which the Commission will request it.

Selection criteria:

Legal position — means of proof required:

(a) where the tenderer needs a specific authorisation or must be a member of a specific organisation in order to provide the services concerned in his country of origin, he must prove that he holds this authorisation or that he belongs to this organisation;
